

IAOS News June 2020

[SJIAOS June 2020 issue now available](#)

[SJIAOS June 2020 issue](#) is now available and includes key articles on the impact of COVID—19 on official statistics, as well as articles on Pre-release access to official statistics.

[SJIAOS Call for papers on the impact of COVID—19 on official statistics.](#)

SJIAOS welcomes papers on COVID—19 issues, eg risks for second and further waves, monitoring, evaluation of test strategies and overall evaluation of the lockdowns, results from exit strategies and wider social and economic consequences. Applied work, using SDG Indicators, showing the effect of COVID 19 would also be very welcome. See [here](#) SJIAOS for more information.

[Official Statistics platform](#)

www.officialstatistics.com - a new discussion on “Pre-release access to official statistics”, based on articles in the June issue of the SJIAOS is now underway. Discussions on impact of COVID—19 also continue.
