

IASE News February 2016

13th International Congress on Mathematical Education (ICME-13): Registration and Posters

The submission process for posters for ICME-13 in Hamburg, Germany will close soon. If you do not have a paper, but would like to submit a poster, please use the appropriate template at the website (http://icme13.org/submission_process/paper_and_poster_template).

Note that the entire poster is not due at this time - just information on the template. A PDF version of the full poster will be due in June, and the presenter will be responsible for bringing a printed version in July.

All posters will be connected to an appropriate Topic Study Group (TSG 14). In particular, IASE members might be interested in TSG 14 on probability and TSG 15 on statistics.

Registration is also open, with the early bird deadline on March 31. See http://www.icme13.org/icmi_and_german_mathematics_education.html for details.
