

Invitation to contribute a chapter for the book
'Data Visualization and Statistical Literacy for Open and Big Data'
dedicated to the memory of Professor Tim Dunne

Currently, I am in the process of editing a book on 'Data Visualization and Statistical Literacy for Open and Big Data', to be published by IGI Global, an international publisher of progressive academic research. With the recent unfortunate passing of Professor Tim Dunne, I plan to dedicate this book to his memory.

The publishers have allowed me to extend all deadlines indicated in the invitation for chapters, by two weeks. I would be very pleased if you would consider submitting a chapter or share this announcement with friends and colleagues who wish to contribute a chapter.

Please visit <http://www.igi-global.com/publish/call-for-papers/call-details/2152> for more details regarding this publication and to submit your work. You can also find detailed manuscript formatting and submission guidelines at <http://www.igi-global.com/publish/contributor-resources/before-you-write/>. If you have any questions or concerns, please do not hesitate to contact me.

Thank you very much for your consideration of this invitation, and I look forward to hearing from you by May 15, 2016!

Thank you in advance.
