Bernoulli Society News June 2016

ALEA now co-sponsored by the Bernoulli Society

ALEA, the Latin American Journal of Probability and Mathematical Statistics, publishes research articles in probability theory, stochastic processes, mathematical statistics, and their applications. It publishes also review articles of subjects which developed considerably in recent years. All articles submitted go through a rigorous refereeing process by peers and are published immediately after acceptance. It is an electronic journal which provides open access to all of its content. It is supported by IMPA, Instituto do Milênio, CIMAT, IMS and the Bernoulli Society.

Pre-World Congress Meeting of New Researchers in Statistics and Probability, Toronto, 7-8 July

This two-day event has one day dedicated to academic talks and a short course on big data and is open to all who wish to attend. The second day includes a series of talks focused on career development.

Registration now open. http://goo.gl/4S799E

9th World Congress of Probability and Statistics, Toronto, 11-15 July

The 9th World Congress of Probability and Statistics is the latest in a series organized jointly by the Bernoulli Society and the Institute of Mathematical Statistics. Held every four years, it is a worldwide event covering all branches of statistics and probability. This includes theoretical, methodological, applied and computational statistics and probability, as well as stochastic processes. The latest scientific developments in all of these fields are showcased.

Confirmed plenary speakers: David Brillinger (Tukey Lecture), Vanessa Didelez (IMS Medallion Lecture), Arnaud Doucet (IMS Medallion Lecture), Sara van de Geer (Wald Lecture), Christina Goldschmidt (IMS Medallion Lecture), Frank den Hollander (IMS Medallion Lecture), Valerie Isham (Bernoulli Lecture), Servet Martínez (Levy Lecture), Pierre del Moral (IMS Medallion Lecture), Byeong Park (Laplace Lecture), Scott Sheffield (Doob Lecture), Ruth Williams (Kolmogorov Lecture), Bin Yu (Rietz Lecture), Ofer Zeitouni (Schramm Lecture).

Registration now open. https://goo.gl/YdjeOu

XX Brazilian School of Probability, São Carlos, 4-9 July

The year 2016 marks the twentieth edition of the Brazilian School of Probability. Over the years, the EBP series has been instrumental in shaping the directions and interests of Brazilian probabilists, and has contributed to the vigorous growth of our area in the country. Strong international participation has been both a major cause and a positive consequence of these developments. The same is true about the continued support EBP has received from funding agencies and major academic institutions in Brazil.

Minicourses: Sebastien Bubeck and Serguei Popov. Plenary speakers: Ricardo Fraiman, Simon Griffiths, Marcelo Hilário, Servet Martínez, Pierre Nolin, Fraydoun Rezakhanlou, Alexandre Simas. http://goo.gl/GfJ3Kp

Job Opening: Assistant Professor, Pontifical Catholic University of Chile

The Department of Statistics, Pontifical Catholic University of Chile, announces the opening of two tenure-track positions at the Assistant Professor level, beginning March 2017. Annual salary will be around $40,300. Candidates should have a doctoral degree in Statistics, Actuarial Science, or a related field and exhibit experience in both research and teaching.

Deadline: 30 September. http://goo.gl/iXyKFg
