

## ISLP Best Cooperative Competition 2017

The Best Cooperative Project Competition (2017) is awarded every two years, in recognition of outstanding, innovative, and influential statistical literacy projects that affect a broad segment of the general public arising from cooperation between different types of institutions, such as national statistical offices, schools, statistical societies, media, libraries, etc. The

To qualify, projects should be current, make their resources freely available, have statistically sound content and involve cooperation between at least two institutions that would not usually work closely together.

To find more details and instructions, and see past winners, go to the competition page of the IASE-ISLP website:
