

IASE News July 2018

Proceedings from IASE 2017 Satellite Conference Available

As the proceedings from the just-completed ICOTS10 are checked and prepared for their final version, this is a good time to remind people that proceedings from the 2017 IASE Satellite, "Teaching Statistics in a Data Rich World", are available at

http://iase-web.org/Conference_Proceedings.php?p=Teaching_Statistics_in_a_Data_Rich_World_2017

Thanks to the authors of the 15 refereed papers, 25 non-refereed papers, and 9 poster abstracts, plus the referees who assisted in the refereeing process.

Submissions to III International Virtual Congress on Statistics Education

The 3rd International Virtual Congress on Statistical Education, to be held from 21 to 24 February 2019, will include invited conferences/seminars and lectures, as well as original contributed papers and posters in any topic dealing with the teaching of statistics, probability and combinatorics. Contributions should not have been previously published and should include new results contributing to statistics, probability or combinatorics education development. Contributed papers can be submitted in Spanish, Portuguese, or English. Papers will be refereed.

For more information, including guidelines, you may view the conference website at <http://civeest.com> - please note the contributed paper deadline is 1 October.

Special Topic Sessions for the ISI World Statistics Congress 2019

The 62nd World Statistics Congress will be held in Kuala Lumpur, Malaysia, from 18 to 23 August 2019. Proposals are being accepted for Special Topic Sessions (STS), with a deadline of 15 August 2018. Special Topic Sessions consist of either a panel or group of presenters talking about aspects of a single theme. Previous congresses have had wonderful STS on educational topics from sources around the world. If you are considering an STS idea, please look at the congress Call for Proposals <http://www.isi2019.org/call-for-proposals/> for more information.
