SJIAOS – September 2018 issue now available

The September 2018 issue of the SJIAOS has the theme ‘Statistical Business Registers’. A number of papers are from a session organized by Michael Colledge (Australia) at the 2017 WSC. These papers discuss the development and application of international guidelines for statistical business registers. The issue also includes an interview with Ms Irena Križman, who was President of IAOS (2009-2011). Irena is also a former Vice-President of ISI.

NTTS19 – Abstract submission closes 15 October 2018

The NTTS series, New Techniques and Technologies for Statistics (NTTS) is an international biennial scientific conference series, organised by Eurostat, on new techniques and methods for official statistics and the impact of new technologies on statistical collection, production and dissemination systems. The NTTS 2019 conference will take place from 12 to 14 March 2019 in Brussels, Belgium. Abstracts close on 15 October 2018. See [here](#).
