

IAOS News March 2019

Statistical Journal of IAOS (SJIAOS)

The [March 2019 issue](#) of the SJIAOS is now available. The issue is dedicated to statistics for Indigenous peoples, and focuses on the theme “Measuring Indigenous Identification”. The SJIAOS will also sponsor an invited session on this topic at the upcoming ISI World Statistics Congress in Malaysia in August 2019.

YSP 2019 Competition

The IAOS would like to thank the authors of the 44 entries for the 2019 competition. The judges are now hard at work. The IAOS expects to announce the winners of this year’s competition in May 2019. The winner will attend the ISI World Statistics Congress in August 2019. Our thanks to all ISI members who have helped in publicizing the competition.

2019 Total Survey Error Workshop

The [2019 Total Survey Error Workshop](#) (ITSEW) will be held 10-12 June at the University of Bergamo, Italy. The theme of the 2019 workshop is ***Integration of surveys and alternative data sources***. More information is available on the [workshop website](#).
