

ISI WSC 2021: Contracts Signed with PCO and Venue!

With 2018 coming to a close, we are delighted to share some good news with our members. This year marked the start of a new model for the ISI World Statistics Congresses (WSCs). The ISI Executive Committee and ISI Permanent Office are managing the WSCs without the support of a host country organisation. In February 2018, we sent out a call to tender for the appointment as Professional Conference Organiser (PCO) for the ISI World Statistics Congress in The Hague in 2021. The ISI Executive Committee chose the PCO Congress by Design (CbD) based in Harmelen, The Netherlands. The ISI and CbD have already started working together on several topics to ensure a well-organised WSC in 2021. The most important step being of course the venue! We are happy that we have signed the contract with World Forum, an award winning conference venue, ideally located between The Hague city centre and Scheveningen Beach. See photos below of World Forum! We hope this gives you an impression of the fabulous venue where we will host the ISI WSC 2021. We will share more news with you as the planning progresses during 2019.
