The General Assembly shall be convened by the Executive Committee at least once a year. There shall be a meeting of the General Assembly at the ISI biennial World Statistics Congress.

The Executive Committee may convene special meetings of the General Assembly whenever it is deemed necessary. A special meeting may also be convened by a request of at least 10% of the individual members.

Members shall be informed of the date and place of the meetings at least two months in advance. The convocation for the General Assembly may be sent electronically or through postal mail. Depending on the format of the meeting, voting may be done in person or via electronic means. Electronic voting may be organized prior to the General Assembly. Votes expressed electronically shall be considered as valid as votes in person at the General Assembly.

Except as otherwise provided by law or by the [ISI Statutes](https://www.isi-web.org/about/members), decisions of the General Assembly shall be made by a simple majority of the votes cast. For the purpose of computing a majority, abstentions and spoiled votes shall not be counted. In the event of a tie, the chair shall cast a tie-breaking vote.
