World Bank Country Classifications

Developing countries are defined according to their Gross National Income (GNI) per capita per year, as calculated by the [World Bank Atlas](#) method, October 2021.

The designations employed, and the presentation of country or area names in this list, do not imply the expression of any opinion whatsoever on the part of the ISI concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.
